

Cassette Dictation

Mini-cassette Dictation:

- **Philips 388/488 Mini-cassette Portable Units**

Mobility and flexibility are critical in today's fast-moving business environments. The Philips Pocket Memo dictation recorder gives you the freedom to work when and where you need to.

- **Philips 725D Mini-cassette Desktop Dictation Machine**

The Philips 725D is designed for user-friendly professional-quality dictation. All major dictation functions can be controlled with one hand. Its outstanding ergonomics let you manage your jobs easily.

- **Philips 730D Mini-cassette Desktop Dictation Machine**

The 730D is designed for user-friendly professional-quality dictation. All major dictation functions can be controlled with one hand. The secret of the dictation system 730 is its easy and fast access to any part of the tape. It offers efficient dictation and transcription, thanks to the visual workflow display.

- **Philips 725D Mini-cassette Dictation and Transcription Kit (Headset & Foot Control)**

A stationary mini-cassette office dictation and transcription machine with lightweight, ergonomic microphone. The 725 comprises dictation and transcription capabilities in one user-friendly unit, making Author and Transcriber an efficient team for converting speech to text.

Microcassette Dictation:

- **Grundig DH2028 Microcassette Portable Unit**

This economy handheld offers professional users a great value for money dictation machine. With the slide switch you have all functions of this hand device in your grasp. Once voice activation is switched on, the machine stops recording when you stop speaking.

- **Grundig 3110D Microcassette Dictator Desktop Unit**

Ultra high quality transcriber made by one of the last manufacturers producing professional analog dictation and transcription equipment.

- **Grundig 3110C Microcassette Dictation/Transcription Combination Unit**
